Vietnamese Language Immersion Program

JOHN A. MURDY ELEMENTARY SCHOOL

Excellence in Teaching and Learning.

How does the program work?

This program fully develops English reading and writing while also helping students to learn the Vietnamese language. During English instruction, students will learn the standards-based instruction as all students in the Garden Grove Unified School District. In addition, your students will also be learning the Vietnamese letters and developing their oral language through authentic Vietnamese literature and math in preparation for reading and writing. Students and parents do not need to be bilingual to be successful in the program.

**This program is free. There is no cost to parents of participating students.*

What are the benefits for my student?

“Research shows that developing more than one language leads to higher critical thinking, creativity, and academic proficiency.”

- Dual language students outperform their peers in English-only programs.
- Native English speakers in dual immersion programs outperform students in English-only schools on reading, writing and listening tests.
- Students in dual immersion programs were found to have high levels of self-esteem, high academic competence and motivation.
- Dual immersion students are better prepared for the global job market where a second language gives them a competitive edge!

Garden Grove Unified School District is committed to preparing all students for the global 21st century.
